

Mabanol Bulletin

Mabanol used as factory fill oil for MTZ Belarus

As an integral part of the manufacturing process for **MTZ Belarus** since the commissioning of its tractor production site in Novi Sad, Serbia in 2011, **Mabanol Lubricants** have been used as factory fill products. They are hence regarded as a crucial cog in the wheel for one of the biggest manufacturers of agricultural machinery in the world.

Mabanol distributors throughout the world have shown trust in the performance of **Mabanol Lubricants**. They are widely acknowledged in the market and among its customer base for their high quality standards as the latest industry demands are met.

Mabanol – Premium Lubricants for Premium Performance.
