

Mabanol Brake Cleaner

Brake Cleaner

Application

Mabanol Brake Cleaner is a hydrocarbon-based volatile degreaser and brake cleaner. It removes greasy or resinous residues during servicing, repair and prior to assembling. The product can be used to remove oils and residues, synthetic oils and silicon residues as well as to remove and activate parts before gluing and painting.

Mabanol Brake Cleaner is ideal for residue-free cleaning.

Before using Mabanol Brake Cleaner, check plastic and paint suitability. Spray on the parts to clean and allow it to take effect.

Properties

Mabanol Brake Cleaner is free of any chlorinated and halogenated hydrocarbons. The product ensures optimal oil and grease cleaning as well as offering a low evaporation rate. Mabanol Brake Cleaner cleans without leaving stains.
