

Mabanol Pirate Race 10W-30

High Performance 4 Stroke Motorcycle Engine Oil

Application

Mabanol Pirate Race 10W-30 is an engine oil suited to meet the demands of four-stroke motorcycle engines (also covering air-cooled and water-cooled types). The motor oil complies with the technical standards required by all motorcycle manufacturers.

Mabanol Pirate Race 10W-30 allows a high degree of engine cleanliness, a great wet-clutch performance (clutch grabbing and slipping are averted) and also offers a great degree of protection against engine wear, thus also extending engine life

Properties

Mabanol Pirate Race 10W-30 is a high-performance engine oil formulated with synthetic base oil components. Optimum lubrication at high temperatures and rotational speeds ensure high engine protection even under the most severe conditions.

It provides a protective oil film for engine pistons and valves which leads to exceptional engine cleanliness. The low temperature viscosity allows the oil to circulate at a high rate when the engine is started, thereby protecting it from any cold-start impediments.

Specifications

- SAE Grade 10W-30
- ACEA A3
- API SN
- JASO MA2

Data

	Test method	Unit	Value
Density at 15°C	DIN 51 757	g/cm ³	0,875
Kin. Viscosity at 40°C	DIN EN ISO 3104	mm ² /s	75,8
Kin. Viscosity at 100°C	DIN EN ISO 3104	mm ² /s	11,4
Viscosity Index (VI)	DIN ISO 2909		143
Flash point COC	DIN ISO 2592	°C	240
Pourpoint	DIN ISO 3016	°C	-42
