

## Mabanol Pirate Race 10W-40

### High Performance 4 Stroke Motorcycle Engine Oil

#### Application

Mabanol Pirate Race 10W-40 is an engine oil suited to meet the demands of four-stroke motorcycle engines (also covering air-cooled and water-cooled types). The motor oil complies with the technical standards required by all motorcycle manufacturers.

Mabanol Pirate Race 10W-40 allows a high degree of engine cleanliness, a great wet-clutch performance (clutch grabbing and slipping are averted) and also offers a great degree of protection against engine wear, thus also extending engine life

#### Properties

Mabanol Pirate Race 10W-40 is a high-performance engine oil formulated with synthetic base oil components. Optimum lubrication at high temperatures and rotational speeds ensure high engine protection even under the most severe conditions.

It provides a protective oil film for engine pistons and valves which leads to exceptional engine cleanliness. The low temperature viscosity allows the oil to circulate at a high rate when the engine is started, thereby protecting it from any cold-start impediments.

#### Specifications

- SAE Grade 10W-40
- ACEA A3
- API SN
- JASO MA2

#### Data

	Test method	Unit	Value
Density at 15°C	DIN 51 757	g/cm <sup>3</sup>	0,873
Kin. Viscosity at 40°C	DIN EN ISO 3104	mm <sup>2</sup> /s	101
Kin. Viscosity at 100°C	DIN EN ISO 3104	mm <sup>2</sup> /s	14,9
Viscosity Index (VI)	DIN ISO 2909		154
Flash point COC	DIN ISO 2592	°C	224
Pourpoint	DIN ISO 3016	°C	-36
