

Mabanol Screen Clean Winter Concentrate

Concentrated windscreen washer with frost protection

Application

Mabanol Screen Clean Winter Concentrate is designed for use in windscreen and headlight cleaning systems. It is also suitable for polycarbonate glass as well as for vehicles with flat spray nozzles. It is recommended to dilute the product with water in order to get the required freezing point.

Mabanol Screen Clean Winter Concentrate is suitable for use on most surfaces (lacquer, polycarbonate, rubber and metal). It also passed all flashpoint testing requirements.

Properties

Mabanol Screen Clean Winter Concentrate is a concentrated liquid which prevents the freezing of the washer fluid and effectively removes dirt. It can also be used as a cleaning concentrate for windscreens at high ambient temperatures during the summer months. The product contains bitter principles which should keep children from swallowing it.

Mabanol Screen Clean Winter Concentrate is biodegradable, methanol-free and is not classified as an inflammable liquid in accordance with the German "Verordnung für brennbare Flüssigkeiten (VBF)". Mabanol Screen Clean Winter Concentrate consists of alcohols, glycols, tensides, odours and dyes.

Dilution table

Antifreeze	2 parts	1 part	1 part	1 part
Water	1 part	1 part	2 parts	3 parts
Frost protection	-30°C	-20°C	-10°C	-5°C
